

## Full speed ahead from idea to production - "Digital4"!

Quality is the indispensable prerequisite...

... O. KLEINER AG has created the processes!

After 15 years and four generations of digital printing systems, we are achieving our technological vision:

### DIGITAL4 – digital printing in only 4 working days!

We have all the preconditions to achieve this ambitious goal in our Digital Centre:

- a new laminating line, purpose-built for digital printing, alongside our one year-old HP20000 press
- specifically tailored, optimal processes and
- the proven expertise of our highly trained staff.

15 years' experience in digital printing and in the associated processes provides an excellent basis for the **innovation DIGITAL4**.

A long-standing market need for extremely short lead times can now be met:
