KLEINER® canpeel®news

canpeel® new diameter

Due to the increasing demand for canpeel® with $\varnothing = 99$ mm we invested in this tool. In addition to the previous diameters (73 mm and 83 mm) it is already the 3. canpeel®-format available at O. KLEINER AG.

Ø 99 mm

the new **canpeel®** at O. KLEINER AG

canpeel® suitable applications

73 mm

honey - NEW: printed

83 mm

coffee - with valve

99 mm

sweets, nuts etc...

- canpeel® associates an easy opening compared to steel and aluminium lids.
- canpeel® meets demands required by elderly and children suitable packaging.
- canpeel® can be equipped with a degassing valve for ground coffee etc...
- canpeel® communicates freshness in connection with foil and bins made of plastic.
- canpeel® is sterilizable by means of a counter-pressure autoclave.

=> We are looking forward to your visit at the interpack 2011 (from 12.05.11 to 18.05.11) at our booth J 35 + J 36 in hall 09.
